DETAILED ACTION

1. An amendment was received from applicant on 5/8/2009.
2. Claims 1-13 and 15 are canceled.
3. Claims 14 and 15 remain in the application.
4. Claims 14 and 15 are allowed.
5. The Information Disclosure Statement (IDS) of 6/19/2009 has been considered.
6. The amended specification is accepted, with the exception noted below.
7. This application is in condition for allowance except for the following formal matters:

The disclosure is objected to because of the following informalities:

The disclosure needs to have the phrase "The means for tightening the strap is bolt 8 as is well known in the art" added to the third paragraph on page 7 between lines 13-26 of the specification. This is because of the claim limitation "including means for tightening the strap" added to allowed claim 14 is not fully supported by the specification in view of the 2nd and 6th paragraphs of 35 U.S.C. 112; the specification lacks adequate support for the means plus function language added to the claim.

Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
